“Joan of Arc is easily and by far the most extraordinary person the human race has ever produced.” Mark Twain

JOAN OF ARC ASCENDING

A new work, created and performed by Keir Cutler.

For his 17th presentation at the Winnipeg Fringe Festival, Keir Cutler will perform a captivating world premiere show that invites audiences to rediscover the legendary true story of Joan of Arc. His portrayal defies contemporary doubt and invites wonder, probing Joan’s life through the lens of the miraculous. Beyond the awe-inspiring feat of a seventeen-year-old leading France's armies to numerous victories, her narrative radiates with inexplicable occurrences—from encounters with celestial beings to masterful military strategies to surviving seemingly fatal wounds.

The show features live music by University of Manitoba musicology grad student, Manitoban Kyla Kelsey, and onstage original art work by Michael Cutler, Keir’s brother.

Montrealer Keir Cutler has been called “a masterful entertainer,” (Winnipeg Free Press) “a marvel to watch,” (Toronto Sun) and "a phenomenal performer!" (winnipegstage.com) Keir has a PhD in theatre from Wayne State University in Detroit, a playwriting diploma from the National Theatre School of Canada, He is the writer/performer of twelve solo works, and the author of multiple plays and books. He is a veteran of more than 100 fringe and theatre festivals.
